2023

MY SALTY LIFE PHOTOGRAPHY©

HELLO

Hi I'm Aamie,
mum to two. I have lived on the Sunshine
Coast my whole life and love that I can
share and capture your story. Some dot
points of things that I love *the beach
*jogging/skipping *spending time outdoors.

PHILOSOPHY

I want to capture you as you are & for the memories to be for a long time. It's your story, your time, your memories that will be held close to those hearts you cherish when you are no longer able to be close to theirs.

Professional and personable, I want you to feel relaxed and at ease in front of the camera. I may pose you for a few shots but it's the in between moments that I truly love.

LOVE CONQUERS ALL

LOVE CONQUERS ALL

WHAT TO EXPECT

With a range of beautiful outdoor locations you can expect a relaxed and easy session that you will be able to look back on in years to come. I like to meet a little bit before the session to have a quick chat and hopefully ease everyone in. If you would like a session in the water I am more than happy to discuss what you would like.

YOUR LOVE *DESERVES* TO
BE DOCUMENTED

PRICING & PACKAGES

Prices ~ for families, maternity & love sessions

AL LA CARTE

6x8 Album	\$250
A4 prints	\$55each
A3 prints	\$75each

DECIDING ON WHAT TO WEAR

When considering what to wear for your session, please remember that these are your images & memories. Have a look around your home & see where you would like to display your beautiful images.

If you are being photographed in long green grass it is probably best not to have the whole family in green as you will blend in. Please avoid big brand names, pattern, stripes, big swirls, the jeans and white shirt look have been done and is probably not the most flattering look.

Pick a colour palette and then dress mum or dad and then add in the rest of your family.

DECIDING ON WHAT TO WEAR

Accessories are a nice touch as long as you don't go over board. I love the wind blown look but if it isn't something that interests you please put hair up or use some gel/hairspray, especially in a beach session.

Please remember that this is a guide only and these are your images.

Remember flattering but not uncomfortable.

FAQ'S

WHEN WILL I RECIEVE MY IMAGES?

Pending, you will have your gallery to choose from within one to two weeks, this will be communicated to you. Once you have selected your images, I will have your final selection to you within a week/maybe two but again I will communicate this with you. If I need to order any additional prints or albums please allow two to four weeks.

WHAT HAPPENS IF I AM NOT WELL?

If you or someone in your family isn't feeling 100% I'm more than happy to reschedule.

WHAT SHOULD WE DO IF THE WEATHER ISN'T LOOKING GREAT?

I don't mind shooting in wind or if it's a little drizzly but unfortunately my camera gear isn't a fan of the water, unless of course it is water session and all my gear is then put in a water housing.

FAQ'S CONT

WHEN IS THE BEST TIME TO GET MATERNITY PHOTOS?

Between about 32-36 weeks is a great time.
Anytime as long as you are still feeling ok.

HOW LONG DOES THE SESSION TAKE?

The session usually goes for an hour but please allow an hour & half.

EDITING?

My editing style is quite simple, I may add a slight pop of colour, contrast, slight adjustments

WITH WATER SESSIONS HOW DOES IT WORK?

Happy to discuss, family, maternity, surf sessions. They can be done in your own pool or the surf, pending conditions.
